

Arkipelago Announces US partner for ROME™ Software

Toronto, Canada, April 15, 2005 --- Arkipelago, the innovative international software provider, today announces a partnership with major US OSP (outside plant) systems integrator and software developer.

Arkipelago Inc. recently entered into a partnership with CADTEL Systems, Inc., of Phoenix, Arizona, a leading supplier of GIS solutions for managing outside plant (OSP) network assets for telecommunications companies. Under the terms of the agreement, CADTEL will focus on its traditional market sectors in North America. Arkipelago's ROME™ software will be marketed by CADTEL using branding that is consistent with CADTEL's brand name structure. We wish CADTEL success in their new venture.

About Arkipelago

Arkipelago is a leading software developer supplying solutions for network planning and inventory management. Its premier product ROME™ enables its customers to deliver cost-efficient, high speed services based on next generation technology. ROME™ is used by telecommunications carriers and network operators in Europe, the Americas and Asia-Pacific including British Telecom, Energis, MobilCom, NTL, Orange, and StarHub. Founded in 1989, Arkipelago operates from offices in Toronto, Canada and Stockholm, Sweden. Visit Arkipelago at www.arkipelago.com.
